

UTCA Construction Safety Seminar

Working Safely Around Heavy Construction Equipment
Including Traffic Planning Within The Work Zone

Saturday, February 12, 2011

7:30am - Registration & Continental Breakfast

7:45am - 12:00 Noon - Seminar Program

UTCA has scheduled a Saturday morning safety training seminar on February 12, 2011 for your employees. This educational program will provide an excellent overview of a number of jobsite hazards and innovative ways to address these issues. This session will provide a broad overview of site safety issues for new employees as well as your experienced workers.

Topics to be covered will include common hazards and accidents, typical OSHA citations, proper materials handling, means of protecting workers around heavy construction equipment, dealing with utilities, jobsite security, practical solutions to minimize exposure to traffic, procedures for safely operating heavy equipment and planning vehicular traffic within a busy work zone.

David Kliwinski, who is a Certified Safety Professional and has substantial field experience in construction safety, will be the course instructor. Those who complete the seminar will receive a wallet size certificate of attendance for their use.

The registration fee for this seminar is \$80.00 per person and will include a continental breakfast. This program will be held at the UTCA Conference Center in Wall Township, New Jersey. Directions to UTCA can be obtained on the association website at www.utcanj.org.

Please contact Dan Neville at (732) 292-4300 with any questions you may have regarding this seminar.
