

UTCA Construction Safety Seminar

Traffic Control Coordinator Re-Fresher Seminar

January 10, 2017

UTCA Office - Farmingdale, NJ

8:00am - Registration & Continental Breakfast

8:30am - 1:30pm - Seminar Program

UTCA, in conjunction with the Center for Advanced Infrastructure & Transportation/NJ Local Technical Assistance Program (CAIT-NJLTAP) at Rutgers University, has scheduled a one day certification program for experienced highway work zone personnel who seek to obtain the certification for Traffic Control Coordinator (TCC) as currently required by the NJDOT and the NJ Turnpike Authority. NJDOT requires credentialed New Jersey Traffic Control Coordinators to take this class every **two years** if they wish to continue working on NJDOT projects.

The cost of this course is \$95.00 per person and provides a review of the 2009 Manual on Uniform Traffic Control Devices (MUTCD) and includes a brief overview of federal changes, worker safety considerations, sign placement, and special considerations for local and state roadways. The course covers new safety specifications required on NJDOT roadways as well as other safety issues such as the proper set up of New Jersey barriers and use of truck-mounted attenuators to prevent worker injuries.

Prerequisite: must have taken four day Traffic Control Coordinator Course

This seminar will be held at the UTCA Conference Center in Farmingdale, New Jersey. Directions to UTCA can be obtained on the association website at www.utcanj.org.

Please contact Dan Neville at (732) 292-4300 with any questions you may have regarding this seminar.
